SINGULAR ACCIDENT.

M. C. Russell & Son's Drayhorse Has an "Entangling Alliance."

There was a singular mishap in front of M. C. Russell & Son's last afternoon. The big firm's trusty horse had just backed up with a sugar-laden dray.

Along came Captain Glascock in command of the Mt. Carmel "Bns," conveying a new-fangled cultivator, which was as red as a horse and looked like a cross between a postman bridge and a bear trap.

As this unsightly monster appeared under the horse's head, he made an effort to climb the nearest telephone pole, coming down with his front feet in the middle of the monster, presenting about the most delightful mixup of iron, wood, shovel points, horse legs and red paint that one can imagine.

In four minutes by the City Fountain—which was not running—there was a crowd that would have honored a dog-fight and as the horse was gentle and as the crowd was level-headed and willing, the cultivator was soon disassembled and the several parts moved from around the animal, which was, fortunately, only slightly scratched.

SCHOOL COMMENCEMENT.

Class of Seven Receives Diplomas at Exercises Last Night.

The invitation given by the teachers and the Board of Education to attend the Commencement of the Maysville High School was pretty generally accepted last evening, Washington Opera-house being filled with friends to witness the exercises.

Surely the Public Schools of this city have never before stood on such a high plane of excellence, and from the vast audiences which each year gather to honor the graduates it is shown that more than a passing interest is felt in the educational institutions of Maysville.

The exercises last night fully sustained the reputation the High School has ever held.

Both the teachers and pupils had united their efforts to make the occasion a memorable one for the members of the graduating class, who at that time were formally to bid adieu to their school life.

The class of 1901 was composed of seven girls and boys—Misses Ella Clarkson, Mary Sweet and Elizabeth Harrison, Messrs. Harry Miles, Lee Browning, Garfield Walsh and Harry Purnell.

At 8:15 o'clock, when the program began, the attention of the audience was directed to the stage, and to the completion of the last number the interest was unflagging, the exercises throughout being all that the most critical could desire.

Following was the program:

March.....Girls High School Invocation.....Rev. F. W. Harrop Chorus.....Girls High School March....."Hunky Dory".....Holzman

Essay—"I Will".....Harry Todd Miles Essay—"Public Opinion".....Marion Elizabeth Harrison Overture—"Felicity".....Grunwald Orchestra

Essay—"Southern Literature".....March.....The Right Browning Essay—"Our Country".....Mary Thomas Sweet

March.....The Right Browning Essay—"Manhood Building".....The Right Browning Essay—"The Education of Women".....Harry Preston Purnell

Essay—"Journalism".....A Moving Picture.....Robert Garfield Walsh Intermezzo—"Opus Garden".....Eugene Orchestra

Essay—"What Are the Wild Waves Saying?".....Ella May Clarkson Characteristic Dances—"The Maqueraders".....Bergenholts Presentation of Diplomas and State College Scholarships

George T. Hunter, President Board of Education March—"The Little Eagle".....Sonora Orchestra

The essays from both girls and boys were exceptionally effective and well delivered, the subject matter being handed in a concise and masterly manner.

President Hunter spoke briefly of the school work the past year, and presented the diplomas to the graduates. The awarding of the State College scholarships, two each in the Male and Female Departments, came next. The fortunate scholars were Miss Clarkson, with a general average of 85, Miss Sweet, 92, Mr. Browning, 91, and Mr. Walsh, 91, the difference in the averages of the boys being only a small fraction.

Mr. Harry Preston Purnell received special mention for his attendance at school, not having missed a day in the past five years.

In no better way can the training of the pupils be tested than in these public exercises, and in every particular did the work of last evening reflect credit on the excellent Principals, Miss Gordon and Mr. Hutchins.

For military and naval purposes the Nations of Europe spend annually \$750,000,000. They keep under arms, continually, more than 3,000,000 men, with six times as many ready to fly to arms when the word "mobilization" is spoken. It is estimated the community lost at least \$200 a year for each man who is kept under arms and is, therefore, unproductive.

LION COFFEE is not glazed or coated with egg mixtures and chemicals, but is an absolutely pure coffee, full of strength and flavor.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

Several weeks since Mrs. F. I. McCarthy of Paris invested \$10 in some Texas land bonds. Since that time oil in large quantities has been struck on the property, and last week she was offered \$2,000 for her share in the land. Mrs. McCarthy refused to consider the offer.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished advertisement. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in fine words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever on the materials; turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.
